

SPI Retreat: Ultimate Stewardship

Stewardship will always determine the quality of one's life in all areas. Stewardship is wisely responsible use of energy, time, talent, relationships and all other resources including money. **The greater stewardship you give to anything, the more of that thing you will get.**

Join Steve D'Annunzio from May 5th through the 7th for an exclusive retreat for professionals and entrepreneurs like you. \$695 (early registration) gets you food, lodging, and a seat in front of a 20-year veteran prosperity coach for three straight days.

No fluff, no gimmicks, no smoke and mirrors, no emotionally-driven, hype-shrouded, charismatically-sold seminar drivel. Rather, you'll be infused with plain, pure, practical, and enlightened principles and disciplines that will have an *immediate*, positive effect on your business and personal life.

For more details call 877-327-1228, or visit www.SoulPurposeInstitute.com. If you're ready to register, complete this form and fax it to 585-295-7798.

If you choose to enroll in the Enlightened Entrepreneur™ coaching program previous to or at this event, your registration fee may be discounted from the annual coaching program.
